

## REPORT CARRANZA SURROUNDED BY REBEL FORCES

Will be Given Opportunity to Leave Country

## OBREGON ISSUES STATEMENT

MEXICO CITY, May 10.—(Via El Paso Jet May 17).—Trains bearing President Carranza and his troops in their flight from Mexico City, surrounded by the revolutionary forces at Apizaco but again were surrounded, according to reports received here. The following bulletin was given out this afternoon at the headquarters of Pablo Gonzalez, former candidate for the presidency of Mexico.

"The presidential trains escaped from Apizaco, Tlaxcala, but were surrounded again by General Ricardo Reyes Marquez who has instructions to capture them, giving every guarantee to Carranza and his companions should they be taken."

The following bulletin was given out at the headquarters of General Alvaro Obregon:

General Luis Mireles, upon instructions from General Obregon, has offered Carranza personal guarantees and a sufficient escort to Vera Cruz, where he might board ship for any port he desired. Carranza replied that he would answer Obregon's offer personally.

Mireles commanded the forces at Esperanza.

General Obregon, of the federal district announced early today that Carranza and Gonzalez agreed Sunday night after leaving the fighting between the liberal constitutionalist forces and the troops escorting Carranza, commanded by General Francisco Murguía, near Apizaco, which battle was endangering Carranza's life, to name a commission headed by General Jacinto Trevino to proceed to Acapulco and stop the fighting with a view to the life of the feeling president."

Quits Race For President.

Washington, May 17.—Pablo Gonzalez withdrawal from the contest for the presidency of Mexico reported to the state department today was regarded here as the best indication that leaders of the de facto government desire to eliminate the danger arising from political rivalry.

Further evidence of co-ordinate action was seen in the announcement that Manuel Palaez to whom oil producers have paid tribute for several years had been appointed chief of military operations in the state of Tamaulipas.

Restoration of wire communication with the Mexican embassy tonight reports on the developments. There was word, however, as to the fate of Carranza who has fled to the hills near Jalapa, with revolutionary troops on his trail.

Other official advices were summarized by the state department today as follows:

The Mexican government yesterday announced that trains captured from Carranza were being brought to Mexico City and that civilians who remained with the trains are being given every protection.

"A circular signed by General Obregon has been published, ordering a military parade to embrace 30,000 men as participants at Mexico City, May 24, as a demonstration of allegiance to the provisional president to be selected by the Mexican congress on that date. The press stated that members of the Mexican diplomatic corps have been given fifteen days to declare their allegiance to the new regime."

"Monterey, in the state of Nuevo Leon, has been turned over without resistance to the forces of Generals Obregon and General Gonzalez and all burned bridges between Nuevo Laredo and Mexico City having been restored, it was announced at Laredo Saturday that through passenger railroad service would be immediately resumed from the United States border to Mexico City."

"From Saltillo, capital of Coahuila, came word under date of May 12 that General Porfirio Adona has been appointed provisional governor and post commander and that General Cespada had been appointed provisional governor and post commander and that General Cespada had been appointed commander of operations in the state of Coahuila."

"Information came to the department that at Piedras Negras, opposite Eagle Pass, Texas, T. R. Beltran, commercial representative of the state of Sonora under General De La Huerta, called merchants together at the custom house, requested free contributions of funds for assistance in supplying the city with flour and other necessities and that approximately 20,000 (\$10,000) was subscribed by foreign and Mexican business men. It was also reported that a similar request was made by General Cutierrez at Monterrey, Ill."

## COURT FINDS MANY CHILDREN DELINQUENT

Judge Samuel Acts in Effort to Save Boys and Girls from Harmful Surroundings.

Monday was a very busy day in Judge Samuel's court, and the cases of nearly 20 children were considered. After hearing all the evidence, nearly all of these children were declared dependents and placed in charge of the probation officer of the court, Mrs. Cobick. The parents were all given formal notice that unless the matters complained of are rectified, that the children will be permanently removed from their homes and placed elsewhere.

The list of children declared dependents includes the following: Roy Christenson, Effie Christenson, Lilly Christenson, Etta Christenson, Mildred Johnson, Harold Johnson, Oliver Moss, Elmer Moss, Homer Moss, Randolph Wells, Jewell Wells, Clara Stultz, Vera Stultz, Ruth Stultz, Della Stultz, Delia Stultz.

In all such cases the most careful investigation is made before action is taken. One child in the list has been present at school but 20 days out of 160. The conduct of the mother of this child has been notoriously bad and the home conditions are revolting.

Seldom in School.

Another child in the list was in school 37 days out of a possible 160. When she went to school she was so filthy that she could not be kept there in justice to other pupils. The home in which she has been living is unspeakably dirty with bedding, clothes and dishes never washed. An older sister is delinquent and it is easy to understand that that influence means.

Two of the smallest children in the list are aged 5 and 6, and one of the barest and filthiest places in Jacksonville is the one that they call home. The mother is seldom there and it is a substantiated fact that these children have gone practically without clothing during all the winter months.

Here are the facts surrounding another family, wherein the court took action. There are three boys and the home is just as dirty as those described. Nevertheless, in that home the mother has frequently given dances during the winter, charging a small admission. With such dismal surroundings one can understand the group that would assemble for the festivities. From that very home, two children have been buried in the course of the past few months and the summer of the coroner's jury in each case has been "neglect."

Two boys in another family have spent only a few days in school and have begged for the clothes that they wear. The mother is of questionable character.

Still Another Case.

In another family there are five children and when they came to court yesterday they were clean and neatly dressed. Nevertheless, this family has been on the charity list since 1907, and the home conditions are dirty and bad. The children have been taught to beg and older girls in the family not in court yesterday have had reputations. Unless the surroundings of these children are improved the conditions will become worse.

These cases in which action was taken by the court are not new. They have all been under the supervision of the court for months past and the action in declaring the children dependent was taken because that seemed to be the only possible way to get results.

Even so, there are difficulties, for employment must be found for the mother and the children must be placed in better homes than the ones in which they are now.

It was a big day's work in the court, but the task has not been completed.

COAL MINES CLOSE

Pittsburg, Kans., May 17.—Thirty eight, or two thirds of the deep coal mines in this district, were closed today, according to reports to the headquarters of the Southwestern Interstate Coal Operators Association, Commissioner George Richardson announced tonight. A majority of the mines were closed because of the price of explosives and also because of the shortage of cars.

## SIMS DESIRED TO PRUSSIANIZE THE NAVY DEPARTMENT

Declares Daniels Before Senate Naval Probe

## SHARP ATTACKS ARE MADE

WASHINGTON, May 17.—Desire "to Prussianize the navy department," was ascribed by Secretary Daniels today as one of Rear Admiral Sims' underlying motives in criticizing the department's conduct of the war. The secretary testifying before the senate naval investigating committee, also charged that most of Admiral Sims' aids were officers who wished to remove civilian control of the navy department and make the secretary a "rubber stamp."

The original charge showed hostility to certain officers and a desire to damage the ranking who decided the operations during the war," said Secretary Daniels speaking of Admiral Sims of January. But deeper than egotism and prejudice will find a deep seated scheme determined to organize the navy department upon the approved Prussian plan by giving all power to the military and taking all away from the civilian.

Mr. Daniels said if the committee desired to raise the general staff issue he was willing to go to the country with it. If congress approves the plan, he declared, it should "create a general staff on the German model and name some Von Tirpitz to rule the navy," make an admiral secretary and member of the cabinet and civilians ineligible for the post but should not "put some Sims in control of the navy with a nominal civilian secretary as his clerk, messenger and rubber stamp."

MANY ENDANGERED WHEN LEVEE BREAKS

OMAHA, Neb., May 17.—Fifty families were rescued by police and firemen in boats today when the breaking of a levee in North Omaha, due to the rise of the Missouri river, flooded that district.

A large force of men was put to work to strengthen the levee north of the Illinois Central bridge.

The river was stationary this afternoon and was expected to begin falling tonight.

Many families, heading their plight when marooned by a flood a few days ago, moved to higher ground yesterday when the river threatened.

PENNSYLVANIA WILL HOLD PRIMARIES TODAY

PHILADELPHIA, May 17.—All political parties in Pennsylvania will hold their primary elections tomorrow. The republican party each will elect seventy six delegates to their respective national conventions.

Edward Randolph Wood, a retired Philadelphia business man, is the sole candidate on the republican preference ballot. Attorney General Palmer was the only candidate to fill papers as the democratic presidential candidate, but the faction opposing the attorney general for control of the organization in Pennsylvania has urged its followers to write the name of William G. McAdoo on the ballot.

WASHINGTON, May 17.—Associate Justice Holmes, while rendering an opinion in the supreme court in connection with a personal injury case, said that so far as he knew the fathers of the constitution were not opposed to "strong drink."

WASHINGTON, May 17.—The opening statement of the employees side of the railroad wage question was presented today before the United States rail labor board, which opened hearings in Chicago following a two weeks session in Washington at which representatives of railroad employees were heard.

E. T. White, chairman of the conference committee of the railroad managers, read a prepared statement in which he said that wage advances should be granted to many railroad workers to enable them to meet the high cost of living, after which the board adjourned until Tuesday.

According to Mr. White, the total demands of the rail employees, including new demands of approximately 25 per cent would if granted by the labor board, not only absorb the revenues expected from the increase in freight rates asked of the Interstate Commerce Commission but would force the carriers to ask for additional rate increases.

He pointed out on behalf of the rail executives that each \$100,000,000 increase in rail expenses represented a three per cent increase in freight rates. He said that for every cent an hour increase in wages to rail employees, \$50,000,000 was added to railroad payrolls.

The increase in employees in 1919 over those of 1915, he said, was 611,300 or nearly 45 per cent. The railroad payroll in that time increased \$1,609,334,25, or 141.3 per cent.

"Our statements show," he said, "that in 1915 the payrolls \$9.51 per cent of the gross earnings, while in 1919, based on an estimated payroll for the year, the percentage was 53.66 per cent."

We appreciate fully that the increase received by some employees in the last five years have not been commensurate with the increases in the cost of living and that due consideration to this fact must be given by the board in determining payrolls of these employees are fully entitled to increase to enable them better to meet the burdens resulting from the increased cost of living."

Representative Henry T. Rainey, Democrat, Illinois, said tonight that the New York exchange and the Chicago board of trade may be compelled to close because of the "excessive" taxes carried in the measure.

Taxes on bread grains and other produce and on stock and bond transactions would be increased 1,000 per cent under the bill.

"The tax on every ship load of grain exported from this country," Mr. Rainey said, "would be approximately \$1,600 which is the equivalent of 5 per cent on every carload. Competition would be virtually destroyed by such a tax. Stock exchange transactions would be taxed along with bonds, even liberty bonds, which are held by 20,000,000 citizens."

Mr. Rainey predicted that the country will be in a state of terror when there is a realization of the extent of the proposed taxes.

Members of the executive committee which will endeavor with the officers to formulate conservation plans include:

Jason Rogers, chairman, New York Globe; E. H. Moses, Marshall, Mich. Chronicle; J. W. Smith, Monroe, La.; News-Star.

Resolutions requesting all publishers of papers of 50,000 circulation and over to reduce consumption ten per cent, Sunday and five per cent daily, were adopted.

## SHIFT HEARINGS OF RAIL LABOR BOARD TO CHICAGO

Will Hear Railroad Employees First

## MANY FIGURES PRESENTED

CHICAGO, Ill., May 17.—The opening statement of the employees side of the railroad wage question was presented today before the United States rail labor board, which opened hearings in Chicago following a two weeks session in Washington at which representatives of railroad employees were heard.

## NEW OFFICERS WILL TAKE CHARGE AT I. W. C.

Newly Elected Officers of Student's Association Will Be Installed This Morning—Organization Successful For Six Years—Dr. Barker Will Deliver Address.

The officers of the Student Association of the Illinois Women's College for next year will be installed this morning at the regular chapel hour. This is one of the formal college functions, with the faculty and seniors in caps and gowns, when the president of the college formally charges the newly elected officers with the administration of the student government.

For six years student government has been in successful operation in the college and today marks the seventh annual installation of officers.

The retiring president, Miss Miriam Spittle, will induct the new officers into their offices and administer the oath. They are: President—Miss Mary Bishop, Bishop, Illinois.

Vice President—Miss Sue Wade, Griggsville, Illinois. Secretary—Miss Hazel Dell, Dubuque, Iowa.

Treasurer—Miss Mary Ellison, Vermont, Illinois.

Then Miss Spittle will present Miss Bishop with the gavel which the president of the college and the faculty presented to the association six years ago at the first installation.

President Barker will then call the other officers of the all-student organizations to the platform and make them an address on the responsibility of leadership.

These officers are: President of the Y. W. C. A.—Miss Avis Crowder, South Bend, Ind.

President of the Athletic Association—Miss Tina Shumway, Palmyra.

Editor of the Greenings—Miss Vera Wardner, Chicago.

Editor of the Illiwooc—Miss Ada Clotfelter, Hillsboro.

FARMERS OPPOSE NOLAN LAND TAX BILL

CHICAGO, May 17.—Farmers of many parts of the country are opposed to the enactment of the Nolan land tax bill now pending in congress according to a referendum taken by the American Farm Bureau Federation it was announced today by J. W. Coverdale, secretary. Returns from 340 counties in 15 states gave a vote of 236,097 against the bill and 2,177 for it.

Opposition of the farmers to the land tax bill, Mr. Coverdale said, was based on the convention that its enactment would aggravate the farm term tenancy evil, raise farm land rentals and reduce production of food.

The referendum on the land tax is the first of a number that will be taken among the farmers by the Federation on legislative and public questions. Mr. Coverdale said. The Federation is an association of state farm bureaus and allied organizations.

HOUSE TAKES UP PEACE RESOLUTION

WASHINGTON, May 17.—The peace resolution adopted by the senate Saturday was formally introduced in the house today and laid on the table.

Contrary to announced plans it was not sent immediately to conference but was considered informally by the foreign affairs committee. Chairman Porter was directed to confer with senate leaders until Wednesday or Thursday.

CHICAGO STREET CLEANERS MAY STRIKE

CHICAGO, May 17.—Five thousand city employees, including street cleaning and repairing forces, will quit work at midnight unless their demands for wage increases are granted, according to a notice given today to William Burkhardt, deputy commissioner of public works. The strike notice was said to have been signed by "Big Tim" Murphy, who is now in jail awaiting trial on the charge of complicity in the murder of Maurice Enright, labor leader.

Mr. Burkhardt said the situation would have to be dealt with by the financial committee which does not meet until Friday.

The street cleaners ask \$4.75 a day instead of \$4.05 they are now receiving, truck drivers want an increase from \$6 to \$8 a day while garbage teamsters, asked \$11 a day instead of \$10.

FIREMEN MEET

Peoria, Ill., May 17.—The National Firemen's association will open its twenty-second annual convention here tomorrow, to continue for three days. A memorial service for firemen will be held tomorrow night.

CONVICT VIOLENT

Washington, May 17.—Conviction of Daniel O'Connell, lawyer, and five other residents of San Francisco for violating the selective service and espionage acts, was upheld today by the supreme court.

## STEPS ARE TAKEN TOWARD BREAKING FREIGHT BLOCKADE

Great Fuel Shortage Reported in the East

## APPEALS SENT BROADCAST

WASHINGTON, May 17.—The Interstate Commerce Commission took its first step today toward breaking the freight blockade.

Telegraphic appeals were sent to all state railway and public service commissions, urging them to join hands with the government in lifting the burden, while the commission's force of inspectors was put to work to help get accurate data respecting conditions at critical points.

With increasing complaints from shippers and requests for assistance from the railroad themselves, the commission is understood to have determined to go into the freight (3) up with jammer and tongs.

In its first attempt at freeing the maze of rail equipment, the commission probably will deal with local situations in the various cities thru individual roads. This was expected, however, only until a general scheme can be worked out by which priorities and embargoes can be employed to restrain the onrushing stream of commodities waiting at every station.

The fuel situation has slowly developed to the danger point, railroad and shippers representatives said today and they proposed that the commission establish a general, altho counter movement of coal cars eastward.

The commission, in a statement said it was keeping in constant touch with every phase of the situation thru its own representatives and in cooperation with the railroads. The American Railway Association's car service its figures on the car supply in order to develop the actual conditions in all localities.

"NICKY" ARNSTEIN RELEASED ON BOND

NEW YORK, May 17.—Julius W. "Nicky" Arnstein, leading man in New York's \$5,000,000 bond plot drama, spent tonight at home.

After spending two days and nights in the Ludlow street jail \$25,000 bail demanded by the fed, because of his failure to obtain early court in bankruptcy proceedings against him, he finally succeeded in obtaining a surety bond and left his cell at 6:40 tonight.

Earlier in the day Arnstein was taken before Federal Judge Knox for arraignment in alleged contempt of court proceedings because of his refusal to answer questions asked him before U. S. Commissioner Glitch Saturday by counsel for the surety companies which insisted the bankruptcy proceedings against him, Judge Knox ruled that Arnstein would have to answer all questions except those that might tend to incriminate him under the federal law. He has been summoned to appear before Commissioner Glitch again tomorrow morning.

## DISCREDITED BY BALLOT RETURNS

The actual value of a straw ballot is indicated by the fact that the most widely advertised straw ballot disclosed a vote in California which represented the presidential candidates as standing in the ratio of 16 to 18 in popular favor, whereas the actual vote at the primaries demonstrated that the stood in the ratio of 10 to 18.

## DELAY DUE TO DEMOCRATS

One of the most unfair moves in American politics is the constant effort of the National Woman's party to represent the Republican party as responsible for delay in the ratification of the equal suffrage amendment. It is a Republican vote in both house and senate that submitted the amendment to the states for ratification.

The states that have already ratified have Republican legisla-

tures by an overwhelming majority. Most of the states that have refused to ratify are Democratic; most of the states that have not yet taken action are Democratic. How, then, anyone could represent the Republican party as responsible for delay is beyond the comprehension of any fair minded man. It begins to look as tho the National Woman's party is merely an adjunct of the Democratic party, with its chief purpose the defense of that party.

## OPPOSE THE BONUS PLAN

Congress is receiving protests from all over the country with reference to the bonus bill proposals. Many of these protests come from financial men who do not believe that present conditions warrant passage of a bill which will involve the government in a large additional expenditure. Recently the most vigorous objections have come from employers in the southern states.

They declare that if cash payments are to be made to ex-service men that this is not the time to make them. They argue that such payments would tend certainly to decrease production at a time when an increase is so urgently needed. Some men with a few hundred dollars in cash suddenly handed they would leave off work and devote themselves to expending the money.

## LABOR BOARD HAS HUGE TASK

The labor board now sitting in Chicago certainly has a vast responsibility. Upon the decision made depends much of the future of both the railroads and the rail-

road workers of the U. S. Evidently the first question to be settled relates to the switchmen's demands. This walkout has been running thru more than six weeks. It has often been referred to in the newspapers as "settled" or "called off" but the fact remains that the country has a freight congestion which seriously threatens the industrial world.

Unless something is speedily done in this situation hundreds of factories will of necessity close down for lack of materials. Still others will find themselves in embarrassing financial situations because of the inability to borrow more money while the period of their inability to deliver products exists. Some early decision from the board is hoped for as a step toward settling the present very difficult situation.

## THE PROBLEM OF THE DEPENDENT CHILD

A record of the action taken yesterday by Judge Samuell in declaring fifteen or more children dependent merits careful consideration on the part of men and women of Morgan county. These children have been under the eye of the court for months past. In various ways the court has sought to have the home conditions improved but without very marked success.

Now the children have been declared dependent and are in direct charge of the court. The parents will be given a chance to improve the home conditions but the probabilities are that in the course of another few weeks these children will be placed in other homes.

There will be the question. Where can the homes be found? These are not incorrigible children. They are not subjects for reform institutions. What they need is wholesome home surroundings. Some time the city and county must unite in a definite program for the saving of these boys and girls. At the present time the situation is one in which men and women should interest themselves—should study the con-

ditions in the effort to apply the proper remedy.

## A REMARKABLE SHOWING

The collection of automobile license fees in Jacksonville is progressing in a remarkably satisfactory way. Letters published in another column give a clear recital of the methods followed in notifying car owners of the amount of taxes due. Notices sent are based upon reports from the office of the secretary of state and are therefore complete and accurate. Thus far 523 notices have been sent and 458 car owners have paid the fees. There are good reasons for delays with reference to the 65 out of this number remaining unpaid and it is but a question of a little time until the record will be even better.

The prompt responses and the spirit shown by the car owners indicate the common interest in the welfare of Jacksonville. The car owners understand that this special tax has been levied because the fund was urgently needed and they know too that every dollar raised is for street paving repair work and so directly beneficial to them.

## Rippling Rhymes By Walt Mason

You Know Her.  
The stately domestic is frequently seen; she's grand and majestic, patrician her mien; with hauteur she disdains the loaves and the fishes; we bow to her wishes and hail her as queen. This dancel resplendent in ermine is shod; so blarney independent she quits at a nod; then nothing will stay her, dissuade or delay her, and when I would pay her it takes all my wad. She's boss of the hovel wherein I reside; before her I grovel, and drop all my pride; she sits in a rocker and reads a cheap shocker, and she is a mocker when grub should be fried. To movies she prances

whenever she likes; to blow-outs and dances she gaudily likes; no dinner is stewing, no coffee is brewing, for rags she is chewing with Peter and Mike. She flies into rags, throws fits in the hall, and says that her wages are needlessly small; she soon must be earning more money for burning or she will be turning my map to the wall. I do not desire her, I find her a curse; but if I should fire her the next would be worse; and so he goes spoiling the grub in the boiling; while I'm sadly tolling, her wages to disburse.

## KNIGHTS TEMPLAR MET IN SPRINGFIELD

About Sixty Traveled From This City to Ascension Day Services at Springfield.

Notwithstanding the very unfavorable weather, more than 60 members of Hospitalier Commandery, No. 31, Knights Templar, journeyed from Springfield Sunday to attend Ascension Day services. The special train left Jacksonville at 11 o'clock and returning left the capital city at 5 o'clock. The services were held at the state arsenal and the address was by Sir Knight Euclid B. Rogers, eminent grand prelate of the grand commandery in Illinois.

There were about 2,000 knights in attendance, representing most of the larger cities of the state. There were special trains from East St. Louis, Decatur, Springfield and some other cities, at least 1,800 knights being in attendance. Because of the continuous downpour of rain the parade plans were abandoned.

Among Knights Templar making the trip from Jacksonville were Commander Alexander Rabbjohns, W. L. Shibe, Frank J. Huehlman, Julius G. Strawn, H. E. Walker, E. M. Henderson, W. C. Rabbjohns, C. F. Walter, L. H. Clampt, R. R. Buckthorpe, W. A. Crawley, J. S. Hackett, P. V. Coover, W. L. Breeding, C. L. York, G. F. Haigh, Norman DeWees, F. C. Benson, W. B. Rogers, H. J. Rodgers, G. A. Smith, T. ## SUIT AGAINST ALTON NOW IN CIRCUIT COURT

F. L. Sharpe Brings Action on Account of Injury to Hand—Two Divorces Granted—Jurors Summoned.

The suit of F. L. Sharpe against the Chicago & Alton railroad is now on trial in the circuit court before Judge Burton. Mr. Sharpe has brought suit for \$1,000 on account of an injury sustained April 27, 1919, when he was a passenger on the Chicago & Alton train running from Kansas City to Chicago. Mr. Sharpe caught his hand in a door leading to the lavatory and his thumb was badly mashed. The suit has been brought alleging that the lurching of the train was the cause of the accident. Mr. Sharpe is represented by W. N. Hairgrove and the railroad by Wilson & Butler.

The jurors hearing the case are J. H. Campbell, John Bland, Henry Waltman, John Cockin, C. W. Johnson, Ames May, E. M. Harmon, Walter Sperry, W. L. Carter, Henry Vortman, Fletcher Hopper and A. J. Ruble.

**Court Orders**  
Judge Burton made a number of entries in chancery cases. In the bill of Lucy Ransdell as trustee vs. Jesse L. Henry et al., the death of Charles B. Graff as trustee was suggested and petition filed for the appointment of his succeeding trustee.

In the partition proceedings of William Werries et al. vs. Henry Werries et al., cause was dismissed by the complainants at their cost.

A decree of divorce was entered in favor of Edward Moore against his wife, Pearl Moore, on the ground of desertion. In the partition proceedings of Cora E. Hart vs. Helen Decker, et al., report of the commissioners was made finding the property not susceptible of partition. Assignment of dower was filed and approved and a decree of sale entered.

A divorce was granted Sylvester Broyles from his wife, Birdie Broyles, who was charged with desertion.

On the showing that her husband had been convicted of a felony, a divorce was granted to Mrs. Beulah Fairchild from her husband, Horace Fairchild. The complainant was authorized to assume her maiden name.

In the suit of W. C. Headen et al., by a supplementary proceeding because of the ticon of the supreme court remanding order was filed and a motion made to enter decree according to the remanding order. Cross motion by complainant in supplemental petition to amend petition and for leave to amend and answer cross petition.

In the suit of Edward Cody vs. Warren Brockhouse et al., the jury returned a verdict finding the defendants not guilty.

The petit jurors summoned for the third and fourth weeks are as follows:

Alexander—E. E. Keenen.  
Arcadia—Harry Braner.

Lightning Bryce is bound hand and foot by an Indian and the rope is attached to a horse. The Indian drags the body to the woods at a high rate of speed and later throws the rope over a limb of a tree and pulls Lightning up by his feet off the ground. His head is dangling just out of the reach of a pack of hungry wolves. He is left in this perilous position and manages to keep out of the reach of the jumping wild wolves by swinging his head as the wolves jump. It is a thrilling situation and leaves the audience in great suspense as to what happens.

## COUNCIL TRANSACTS ROUTINE BUSINESS

Many Matters Considered at Regular Meeting—Council Will Visit Cemeteries Sunday Afternoon—Henry and Reed Lot Ready for Parking.

Many matters were considered at the regular meeting of the city council held Monday evening. Discussion was had of the wheel tax and a communication from the Jacksonville Farm Supply company relative to the tax and the reply of Mayor Crabtree are printed elsewhere in this issue.

An invitation also was accepted from Alderman Moore, chairman of the cemetery committee to visit the cemeteries. The council will make the visit in a body next Sunday afternoon.

It was also reported that the Henry and Reed lot was now available for the parking of automobiles. John W. Rynders has been commissioned a special policeman and the council wishes to invite automobile owners to use the lot for parking their cars.

**The Proceedings.**

Roll call showed all members present. Mayor Crabtree presiding. The minutes of the last regular meeting were read and approved.

A letter from City Attorney J. A. Ballatti to Mayor Crabtree relative to the licensing of vehicles owned by persons living outside the city was read.

This matter was brought up at the last meeting by Ald. Flynn who said vehicle owners had protested to him that persons who resided outside the city were doing hauling in the city. Mr. Ballatti was of the opinion that if vehicles were used for hire or occupation that they could be licensed under the wheel tax ordinance even though the owners resided outside the city limits and the vehicles were kept outside.

**Want Plates Issued.**

The Jacksonville Farm Supply company thru its president, Charles T. Mackness addressed a communication to Mayor Crabtree suggesting that a license plate should be provided for all automobile owners to attach to the state license.

The communication stated that it was believed this would be a good move as it would not only save the police department work but also would show to the public that no favorites were being played.

Mayor Crabtree's reply to the letter set forth the city's view of the matter. It emphasized the fact that the reason that license plates were not issued was because of the expense. The Farm Supply letter and Mayor Crab-

tree's reply are published elsewhere in this issue.

The bond of John W. Rynders, special policeman, in the sum of \$500 with Amos Kellogg and Joseph Bourne as sureties was presented and approved and placed on file. Mr. Rynders has been appointed custodian of the Henry and Reed lot where automobiles are to be parked.

In this connection it was stated that the lot is now ready for use. Mayor Crabtree said that the city extended an invitation to automobile owners to use the lot for parking purposes when visiting the city.

Claims against the city were then presented. On motion of Ald. Ennis seconded by Ald. Williamson all those properly approved were ordered paid.

The report of H. C. Clement, city treasurer for April was presented and received and placed on file.

**Change in Police Force.**

Ald. Cain reported that Raymond Stewart, who had been acting as night patrolman had resigned. He reported that Walter Taylor had been named as his successor and had already entered upon his duties. The appointment was confirmed on motion of Ald. Moore, seconded by Ald. McGinnis.

Ald. Flynn reported that the sewer department was now working on manholes. A number had been cleaned out and the work would be continued until completed.

Mayor Crabtree reported that Judge Samuel had called a meeting of the Mosquito police to be held in the council chamber Tuesday evening.

**Civic Pride League.**

The mayor also reported that a meeting of the Civic Pride league had been held in the council chamber last Friday afternoon. The mayor said that organization had been perfected and that he believed the ladies would do a great deal of good in the cleanup movement as well as assist in other endeavors of the administration. The league will hold monthly meetings.

Superintendent White said that it was a good meeting and he believed would result in great good. In this connection Mr. White took occasion to call attention to the bad condition of some of the alleys in the business district.

Mr. White believed that when Mr. Tendick got the alleys cleaned that it would be a good idea for members of the Civic Pride league to inspect the work and see how the alleys looked when clean. Then if they would call up the merchants and ask them to co-operate in keeping them clean he believed it would be of great assistance to the garbage department.

It was suggested that there should be boxes or cans for putting waste paper placed at convenient places about the business district.

This brought up the matter of saving the waste paper at the city hall. It was decided that a paper baler be purchased for the city hall. The matter was referred to the police committee with power to act.

Mayor Crabtree reported that the janitor at the city hall had resigned. He said that after talking the matter over with Ald. Cain that it was decided to place the janitor work in charge of Day Desk Sergeant Casey and hold him responsible for the work.

Ald. Ehnie reported that the public health committee was working on rules for use in the garbage department. He hoped to have them ready at an early date.

**Want Relief From Flood.**

Walter DeShara was present and addressed the council briefly. Mr. DeShara spoke of the bad condition of Independence avenue caused by water which runs thru the old Capps pond and floods the sidewalk and street after every rain.

Mr. DeShara said that residents in the vicinity had much damage done to their gardens and also were inconvenienced by water running over the walk. He wished that something might be done to relieve the condition. He suggested that a large tile be laid to carry the water and said that he believed the property owners in the vicinity were willing to pay their share of the cost. The engineer was instructed to make an estimate of the cost of the improvement.

Allen Fernandes also spoke along the same lines. Mr. Fernandes said it was impossible to raise gardens in the vicinity and he hoped that something could be done to get rid of the water.

L. F. O'Donnell said that there was lots of talk about improving the West State street subway. He believed that an estimate should be made of the cost so that they could tell the residents residing east of the city what it would be.

**Will Visit Cemeteries.**

Ald. Moore, chairman of the cemetery committee invited the council to visit the cemeteries before Decoration day. Ald. Moore said there were a great many problems he wished to take up with the aldermen and mayor.

He suggested that the council visit the cemeteries next Sunday. Ald. Flynn offered a motion to that effect which carried. Mayor Crabtree said he and Ald. Chapin would furnish cars for the trip and the start would be made from the Farrell bank at 2 o'clock.

Ald. Flynn reported that cars would be run on the new switch track of the power plant Tuesday. Ald. Flynn said that the pile driver would be here in a few days and then the work of building the trestle would be commenced.

No further business appearing the council on motion adjourned.

At the Allen-Onken wedding at Chapin, recently, Mr. and Mrs. E. C. Vickery were the caterers. It was a very large wedding company.

## RALLY SERVICE AT LITERBERRY CHURCH

Christian Church Sunday School Observes Annual Rally Day—Other Literberry News of Interest.

Literberry, May 17.—The fifteenth annual rally day of the Christian church Sunday school was held Sunday. There was a large attendance, fully 150 persons being present at the usual Sunday school hour. The program carried out was one of great interest. A special feature was the removal from the wall of the service flag. The members of the Literberry Christian church have special reason for being thankful that not a single gold star appeared upon this flag.

The marriage of John M. Eads of Chandlerville and Miss Pearl Best of Beards town was solemnized at 2 o'clock Sunday afternoon at the Christian church parsonage. Rev. A. T. Browning officiating. The young people are well and favorably known in their respective home communities.

Miss Lora Petefish is spending a few days at the home of her sister, Mrs. Clyde Lewis in Plymouth.

Mr. and Mrs. A. B. Thompson and family spent Sunday with Mrs. J. W. Liter in Jacksonville.

## EASTERN STAR SESSION

A number of members of the local chapter of the Eastern Star went to Murrayville Saturday night to attend a school of instruction there and a ceremonial session. The school was conducted by Mrs. Steele, of Bloomington, who was recently in Jacksonville. Mrs. Steele is assistant matron. The Jacksonville party included Mrs. Dora Lowdermilk, Mrs. William Hainline Mr. and Mrs. Geo. Moore, Dr. and Mrs. L. E. Staff, Mr. and Mrs. William Crawley, Mr. and Mrs. Curtis, Mrs. Frank Kitter, Mrs. Ella Storrs and Mrs. W. E. Thomson.

## GIRL IS STRUCK BY AUTO TRUCK

Gladys Servance was injured at noon Monday when she was struck by a truck driven by Lloyd Vasconcellos. The accident happened near the corner of Reid and Church streets. The girl had waited at the corner for several automobiles to pass and then started across the street. She failed to notice the oncoming truck and the driver could not avoid striking her.

Howard Stout, who was near by, carried the girl to the home of Dr. E. D. Canatsey and the wound was dressed. There was a long cut on the scalp but fortunately the injury is not counted serious. In the effort to stop the truck Mr. Vasconcellos ran across the curb and damaged the machine considerably.

## SHOW EMPLOYEE HAD FOOT MASHED

Jesse Floyd with the Russell Brothers shows suffered a painful injury yesterday. He was directing some work done to one of the heavy wagons when a jack slipped out of place and the weight of the vehicle came down on his left foot. Dr. A. M. King gave the injured man the necessary surgical attention. The injury is both serious and painful and it will be some time before Floyd is able to use his foot again.

## ADKINS BELIEVES HIGH PRICES WILL CONTINUE

State Director of Agriculture Sees Nothing in Prospect Which Will Lower Living Costs.

Charles Adkins, state director of agriculture, in a statement just issued, expresses the belief that high prices for food will continue for a considerable period.

**No Remedy at Hand**  
In his statement Mr. Adkins declares that while the cost of living is one of the chief subjects for discussion throughout the land, no one offers a concrete remedy that will reduce the cost of living.

"Some politicians tell the people that prices for all commodities are fixed by corrupt combines of speculators, and if they get in power they will reduce the cost of living," the statement says. "Our great consuming masses should be advised instead of being harangued by some demagogue into the belief that by waving some magic economic wand he can reduce the cost of living."

Mr. Adkins declared that in many lines the cost of distribution is too high, and points to the co-operative system being adopted by the farmer as a means of reducing the cost of distribution.

The statement follows:  
"Public press, public speakers and people generally complain about the cost of living; some assail the profiteers; others the low production of labor, but no one offers a concrete remedy that will reduce the cost of living."

**Wheat Prospects Below Normal**  
"Some politicians tell the people that prices for all commodities are fixed by corrupt combines of speculators, etc., and if they get in power they will reduce the cost of living."

"People might just as well reconcile themselves to the inevitable fact that they will pay high prices for food for some time."

"No country in the world will harvest a normal crop of wheat this year. In the United States

the condition on May 1 is estimated at 79.1 per cent of normal. The old stock of wheat will be used up when the new crop comes on. If the Hessian fly should damage the present growing crop, or some other disaster befall it before harvest time, to further reduce it, it might be necessary to put us on a bread ticket basis, so that there is no hope at best for bread to be any cheaper in the near future. Our great consuming masses should be advised instead of being harangued by some demagogue into the belief that by waving some unknown magic economic wand he can reduce the cost of living.

**Feeders Discouraged**  
"The mortality of all classes of live stock during the winter was higher than usual, because of the scarcity and high prices of feed. The spring crop will be greatly reduced on account of so much cold, wet weather. Money lost feeding live stock recently will not have a tendency to stimulate feeders. While we have a more liberal supply of meat than bread, yet if the meat is produced for less money it means a greater loss to the producer."

"The same thing is true of dairy products. There is no substitute for dairy products for babies and young animals. If substitutes are used it is at the expense of the babies' development. The demagogue hits a popular chord when he advocates cheaper milk for the babies, yet when it goes below cost of production that means decreased production, and the poor man's baby suffers first and the demagogue thrives last."

agitation such conditions are brot about—escapes the penitentiary. If the dairy farmer were to insist upon the same hours of labor a day and the same rate of pay as the city worker, city products would cost the consumer about three times their present cost. The hope of cheaper dairy products, under present conditions, is remote, indeed.

"A panic in the country is the only thing that will make a material reduction in the cost of living, and that none of us want to see."

**Co-Operation Needed**  
"In many lines the cost of distribution is too high. We have in many cases too many unnecessary agencies to pay between the producer and consumer. The politician will never remedy that. The people themselves will have to take that in hand."

"The great cities, by reason of their cosmopolitan population, as yet cannot hope to solve the problem. The farmer is awake to the importance of co-operative effort to eliminate unnecessary costly service in distributing staple products of the farm. He is learning the lessons and benefits of co-operative effort and its economic value to both the producer and consumer. He will not bring about the millennium in one day or one year, but has already made a substantial start in many lines, thru co-operative effort which is being stimulated thru the farm bureaus and start associations."

## PROBATE COURT

In the estate of Sarah Hill, yesterday Judge H. P. Samuell entered an order denying admission of the will. This action was taken because Misses Nellie Marsh and Nellie Saunderson of Chicago whose names were affixed to the will as witnesses, declared they did not see Mrs. Hill sign the will and further that they were not willing to make depositions that they knew her to be of sound mind. The court order will permit an appeal by any one of the legatees interested on filing a bond of \$50.

In the will Mrs. Hill made several small bequests and then left her real estate to W. S. Talbot for life. It was provided, however, that in the event of the death of Mr. Talbot's wife while he is still living that the property shall become his in fee simple.

## HOG AND CORN PRICES A PUZZLE TO FARMERS

Many Half Fed Porkers Now Going to Market—Reluctant About Feeding \$2.00 Corn.

One question which is now puzzling Morgan county farmers who have hogs is whether to feed them or ship to market. They are considering this question whether or not the hogs are heavy or in the usual condition when they send them to market. It is obvious to them that there is no profit in feeding \$2 corn to 14c hogs and unless there is a real return to the hog market there will be certain losses if they continue to feed the high priced corn. It used to be considered that there was a definite relationship between the price of pork and corn but that theory now seems to be entirely exploded. Otherwise \$2 corn would see hogs quoted at \$20 a hundred or better.

A. C. Rice in talking about the condition recently said that Isaac Tindall, for many years a successful feeder, told him long ago that in his experience when corn was excessively high that a decline in the hog market was almost certain to come. This condition he ascribed to the natural tendency that a farmer has to rush his hogs into market, whether they are finished or not, for he is putting high priced corn into them and knows that for immediate sale there would be much more profit in selling the corn than there is in making pork. So it happens when corn is high and hogs are low, that there are heavy runs of hogs in the big central markets.

Mr. Rice said further that it is a common experience that a few months after such market condition as has been mentioned that the resulting scarcity of hogs sends the price upward. So he inclines to the theory that the man who has moderately light hogs now and is able to keep them over without feeding them a great deal of high priced corn, will come out financially whole later on.

The remedy that Mr. Tindall used to apply was to turn his hogs on pasture and give them very little corn. It is said that hogs that have been fed corn in dry lots can be turned into good pasture and if the corn fed is scaled down by degrees that there will be no loss of weight. After a few days they will begin to grow again and put on weight not as rapidly as they did in a dry lot feeding process but at considerable less cost.

## Deaths

**Britt.**  
Mrs. Lucretia Britt died at her home 476 South Mauvaisterre street Monday morning at 8 o'clock. She was born in the state of Virginia and was 72 years of age at the time of death. She is survived by one grand child, Mrs. Myrtle Carter of this city and two great grandchildren. Mrs. Britt was a member of Second Baptist church and a woman highly respected by all who knew her. The remains will be shipped to Mexico, Mo., for funeral services and interment.

**Epler**  
Stephen B. Epler, of Pleasant Plains, died at 9 o'clock Monday morning at his home. The deceased was a brother of the late Mrs. F. G. Farrell and was well known in Jacksonville.

He was born near Pleasant Plains and has lived in that vicinity all his life. He was united in marriage with Miss Anna Crum of Virginia. They celebrated their golden wedding anniversary last June.

Left to survive him are one son, Colonel J. C. Epler, of Peble, Col.; one daughter, Mrs. Woodward, of Nashville, Tenn., and one sister, who lives in Wichita, Kan.

The funeral services will be held at Pleasant Plains Wednesday at 1 o'clock.

See the American Legion Show, Katcha-Koo, at Grand Opera House, Wednesday and Thursday.

**CAPT. SWALES WILL HAVE BEEN FILED**  
The will of the late James M. Swales has been filed for probate in the office of County Clerk G. L. Riggs. The will was drawn April 29 of the present year, and the witnesses to the testator's signature were Judge M. T. Layman, Grace E. Whorton, and Mrs. Mary Slaughter. By the terms of the will Capt. Swales left all his property, real and personal, to his daughter, Mrs. Myrtle Freeman, who is named executrix to serve without bond.

## G. O. P. Convention Snap-Shots

### First Convention

The first Republican National convention convened at Philadelphia June 17, 1865 (the anniversary of Bunker Hill) following a preliminary session at Pittsburgh, February 22, 1856. There were no precedents and no rule to govern representation of procedure. It was largely a spontaneous affair, with delegates present from all the free-soil states and the border states of Delaware, Maryland and Kentucky.

Henry S. Lane, a breez Indiana Westerner, was chairman of the convention—himself a rare character. Although a New York newspaper of that day described him as "a man six feet tall, marvelously lean, his front teeth out, his complexion between a sun blister and the yellow fever, and his small eyes glittering like those of the wild cat"—those who scoffed when he appeared remained to cheer, because his homely eloquence turned bedlam loose at the outset of the gathering.

William H. Seward was the most conspicuous man in the party at the time, and unquestionably could have had the presidential nomination for the asking; but he declined to permit consideration of his name. As a result the only two contenders

were Judge John J. McLean of Ohio, whom the old Whigs favored, and General John C. Fremont of California, who caught the convention with the romance of his life.

As a youth, Fremont explored the Rocky mountains, the great Salt Lakes, the Sierra Nevadas and the valleys of the San Joaquin, earning for himself the title of the "Pathfinder." He was known, too, as "Jessie's Choice," because of his romantic elopement as a young lieutenant with charming Jessie Benton, daughter of Senator Benton of Missouri.

Fremont was nominated on the first ballot, with 359 votes to 196 votes for McLean.

William L. Dayton of New Jersey—senator and jurist—was nominated on one ballot for vice-president. He polled 259 votes.

His nearest competitor—an interesting historical contemplation—was Abraham Lincoln of Illinois, who polled 110 votes.

The principal planks in the platform declared for free soil for the admission of Kansas into the Union as a free state, for Federal aid to build a railroad to the Pacific, and for liberal rivers and harbors appropriations.

(Continued tomorrow with the story of the Second Convention)

## MRS. J. B. BEEKMAN HAS NARROW ESCAPE

Clothing Catches Afire While Standing Near Stove—Raze Extinguished With but Slight Injuries.

Sunday evening, Mrs. J. B. Beekman of Pisgah went out to attend to some poultry and as it was raining hard her clothes were wet when she returned to the house. Meaning to dry her apparel she stood in front of a grate fire and presently felt something warm and turning found her dress was on fire. She tried to smother it with her hands but without avail and went out on her porch to call for help as she was alone in the house.

Fortunately there was a large pan of water sitting on the porch and with wonderful presence of mind she seized it and leaning over poured the contents down her back extinguishing the flames which by that time had made considerable headway. The porch was strewn with scraps of her clothing but she escaped unhurt but fortunately slight burns on her hands and wrists were the only injuries she sustained. Her escape seems well nigh miraculous.

### SPRINGFIELD GIRL LEFT LOCAL HOSPITAL

Ethel Leedum Adjudged Insane Aided by Her Mother Escaped—Is Again in Custody.

Ethel Leedum, a patient from Jacksonville State hospital, was taken in by the Springfield police Sunday night after a message had been sent to them by authorities here. She was returned to the hospital Monday night.

The girl shot and killed her sister-in-law, Mrs. Ella Leedum, in Springfield Feb. 4. She was later adjudged insane and sent to the hospital here. Aided by her mother, the girl was able to leave the hospital and returned to Springfield. This was in violation of the rules and not in accordance with the intention of the hospital authorities. The matter was immediately reported to the police department and when the mother and daughter left the Wabash train as it arrived in Springfield they were immediately taken into custody.

### COSTLY ACCIDENT.

Yesterday evening Clyde Vasconcellos was driving his truck north on North Church street he met three cars driving in a southerly direction near the Capps residence. Just as the last car passed him a little girl, daughter of Mr. Cruzar, older on the Wabash, darted right in front of his truck. She had been waiting to cross the street though it was not at a crossing, and had not thought of looking for a car going north. With wonderful presence of mind and utter disregard of this machine Mr. Vasconcellos walked into the curbing, across the walk and flower beds causing three tires to blow out and doing other damages to the truck but saving the child who would have been crushed to death but for Mr. Vasconcellos' timely action. The little one fell and was very slightly bruised but escaped practically unhurt.

## VEHICLE TAX PLAN EXPLAINED IN LETTER

Tags Not Used Because List of Owners Comes from Office of Secretary of State.

The following letter between Charles T. Mackness and Mayor Crabtree give the facts concerning the collecting of the vehicle tax:

### LETTER FROM

MR. MACKNESS  
Mayor E. E. Crabtree,  
Jacksonville, Ill.

Dear Sir:

We as individuals and a company never regret taxes paid for the betterment of our city. We now it takes money to conduct the business of the city, and we are for a better Jacksonville.

We feel, though, that through an oversight in passing the wheel tax ordinance someone has erred. The officials in charge of the collection are entitled to protection, and also the paying public is entitled to protection. There is only one way, we believe, that this can be done satisfactorily, and that is by issuing a license plate, similar to the largest wheel plate, and arranged so that it could be attached to the State license plate on the rear of the car.

This would designate to the public that that particular party had paid the license fee. It would also show to the officers that same had been paid and they would not then be compelled to stop the car to ask for the receipt. It would also protect the officials in charge as everybody would know who had paid and no one could be accused of showing favoritism or of allowing some one to run their car without a license. The people who are not disposed to pay would then pay because the publicity attached to them by having a vehicle without this plate would show they are not for a better Jacksonville.

We believe this should be taken up by the council and set upon, as we in paying our license fees feel that we are entitled to some way of publicly demonstrating the fact that we are for everything that will make a better Jacksonville.

Yours very truly,  
Jacksonville Farm Supply Co.  
Chas. T. Mackness, Pres.

### THE PLAN EXPLAINED.

Mr. Charles T. Mackness, City.

Dear Mr. Mackness:

Acknowledging your communication of the 15th. This administration has always invited constructive criticism and knowing you as we do we know yours is of that type.

We are always ready to explain our acts and to give our reasons for so doing. We are always susceptible to argument and if wrong are willing to acknowledge it and try to correct.

There was no oversight in passing the Wheel Tax Ordinance from the fact that we did not provide for a license plate. We studied the methods of several other cities and they were issuing no plates, but our reason for following the example of other cities was:

First, our system is such that no one can get away from us who has paid a state license, and the license plate on a car shows by its color whether or not the state license has been paid for the current year.

Second, material of all kinds are hard to get. It is possible that we would not have been able to get license plates delivered for several months, and the object of the automobile license, namely a source of revenue, would not only be hampered for the year 1920, but revenue lost by waiting for the plates.

Third, the secretary of state's office was unable to tell us how many cars there were in the city of Jacksonville. The office could tell us how many were registered from the county, but the division between city and county was only a guess, and we would not know how many license plates to order.

Fourth, license plates are expensive and we thought with our system that for this year, at least, we might be able to save the expense.

Fifth, when one pays his taxes to the sheriff, he is not given a plate, but just a receipt. The story of automobile license fees is like many others, one of confidence in officials, and we invite inspection and audit of our system, which is as follows:

First, we are furnished with lists from the secretary of state's office, showing the number, name and owner of car, name of car, address, and horse power.

Second, upon receipt of this information, the data is transferred to a card. These cards are placed in a cabinet, and notice is mailed to the owner that the city license fee is due. A blank is enclosed for him to fill out and return with a check for the amount that he owes.

Upon receipt of the check, the card is stamped "Paid" the amount of the tax shown thereon, and the card is then taken out of the cabinet and placed in another one, which is the cabinet or file containing only the cards and information of those paid.

In the first cabinet or file will be found only the cards of those who have not paid, and from these cards will be made up the records of owners subject to fine for non-payment.

Third, immediately upon receipt of the license fee, it is entered into a cash book. The cash book is balanced daily with the receipts of the day, and money daily deposited in the bank.

There is never any trouble to quickly reconcile the bank deposits with the amount of money received for license fees.

The response has been wonderful. Our first sheet of notifications contained 220 numbers, names of automobile owners, and all but eleven paid their tax promptly. Of this eleven several notices have been returned be-

cause the postoffice was unable to locate; one or two had moved from the city, etc. Of this eleven unpaid, there are only three who are really live prospects, and these three are being given plenty of time to respond.

A second list of names was received and the automobile owners are responding handsomely. A third list was received last week, and notices sent out a few days ago.

Up to Saturday night 458 had paid the license fee, totalling \$2250.00.

Summarizing, we have received the names and have sent notices to 523 car owners, and to date 458 of these have paid, leaving only 65 who have not paid. Of this number, quite a few cannot be found, indicating they have left the city, or we have incorrect address, and quite a number will respond every day during the week. The third notice has only been out about three days. We think this is a wonderful showing.

This administration has gone on record as playing no favorites, and no one is expecting to escape, in fact, we would rather not put it that way. We would rather say that no one wants to escape. It is wonderful the way the people are co-operating.

License Number One was paid, and receipt is held by the mayor.

Respectfully,  
E. E. Crabtree,  
Mayor.

### CONTEST CLOSES AT GRACE SUNDAY SCHOOL

Attendance And Interest Have Increased—Losers Will Give Supper For Winners.

The women and girls' classes in Grace M. E. Sunday school have won a six weeks' contest with the men and boys. Sunday the women and girls won 72½ points and their competitors 27½. This brought the totals of the contest to 395 for the winners and 205 for the men and boys. The purpose of the contest was to increase interest in the Sunday school among those who belong and attend Grace church, and the contest was very helpful in this way.

As a result of the contest the men and boys are to provide a supper or picnic luncheon for the winners. Sunday the total attendance was 283 and an offering of \$11.16 was received. Arrangements have recently been completed for a Fathers' day program, the committee in charge being Mrs. L. T. Potter, Mrs. T. V. Hopper and Miss Anna Hopper. The program will be as follows:

Song—Ladies' quartet, Mrs. Canatsey, Mrs. Coddington, Mrs. J. E. Martin and Mrs. H. M. J. Capps.

Music—Orchestra.

Talk, Relation of Father and Son—J. J. Reeve.

### BIRTHDAY SOCIAL AT ALEXANDER TODAY

Women of M. E. Church to Hold Regular Monthly Social Today—Other News Notes From Nearby Town.

Alexander, May 17.—The regular monthly birthday social of the ladies of the M. E. church will be held Tuesday afternoon at the church. The hostesses will be Mrs. Lester Gray, Mrs. Bert Davenport, Mrs. Harold Strawn and Mrs. C. M. Strawn.

Mrs. Jack Welch and children of Jacksonville were the guests of friends in Alexander Sunday. Miss Lucille Mason of Jacksonville spent the week end with her parents, Mr. and Mrs. E. E. Mason in Alexander.

Ray Black attended the funeral of Hugh E. Million in Murfreesboro Sunday afternoon.

Miss Esther Black has gone to Macon where she will take a six weeks' normal course.

Mr. and Mrs. Noel Wiley and daughter Minnie were Springfield visitors Saturday and Sunday.

### FORMER RESIDENT DIES IN SPRINGFIELD

Frederick Tendick, known to a great many people in Jacksonville, died Saturday at his home, 1307 South Twelfth street, Springfield. The deceased was a son of William Tendick of this city and was born here January 11, 1868. Since 1907 he has been a resident of Springfield where he was employed in the Wabash shops.

The deceased is survived by his wife, Mrs. Anna Tendick, and three daughters, Mrs. Florence Luckey, Mrs. Philip Bell and Miss Beatrice Tendick. He leaves also his father, together with five sisters and six brothers: Mrs. Mrs. Elizabeth Branson, Rushville; Mrs. Flora B. Vehe, Decatur; Mrs. Rosa Thies, Mrs. Sophia German and Mrs. Lillie G. Tendick of this city; Peter, Charles and Frank Tendick, all of this city; John W. Tendick of Jerseyville; William Tendick of St. Louis and L. W. Tendick of El Paso, Texas.

Funeral services will be held at 1:30 o'clock this afternoon at the residence in Springfield.

### ALEXANDER PLATT SUFFERED INJURY

Alexander Platt is a patient at Our Savior's hospital as the result of an injury received at the building he owns on East Morgan street. Mr. Platt had gone to the room just vacated by Benjamin McGowd to make some minor repairs. While there in some way he fell and an injury to his head resulted. Mr. Platt was taken to the office of Dr. David Reid and later to Our Savior's hospital where Dr. Hairgrove attended him.

Mrs. Chas. H. Smith. Helping Class of Hebron Church Met.

Members of the Helping class of Hebron church met with Mrs. A. G. Waterfield recently. There was a good attendance and the program carried out was an excellent one. Among the guests were Mrs. Frank Zirkle and daughter, Inez. The meeting opened with the scripture reading by Mrs. N. T. Brown. Mrs. Daniel Ward gave a most interesting paper and Miss Inez Zirkle was heard in a most excellently rendered musical selection. The members joined in a song and in repeating the Lord's prayer and responded to roll call by repeating verses of Scripture.

A program committee was named, including Mrs. N. T. Brown, Mrs. Vol Sevier, Mrs. George Robinson and Anna Mae Wilson. The next meeting will be held on May 20 at the home of Mrs. Walter Wheeler.

### Picnic at Mauvalsterre School

Friday marked the closing day of the second very successful term of school taught by Miss Quigg. As usual, the patrons and friends gathered with well filled baskets to enjoy an all-day picnic. At the noon hour a bountiful luncheon was served and enjoyed by all. An added pleasing feature was the ice cream furnished by the teacher. It was with the deepest regrets we learned that Miss Quigg would not be with us next year. In the afternoon the pupils rendered the following program:

### Crum Family Reunion

Sunday, May 16, was a very pleasant and happy day for the older members of the Crum family. Early in the day cars were seen wending their way to the spacious home of Mr. and Mrs. Ona E. Crum, two miles northeast of Litchberry, where the happy gathering was to be held.

Altho the weather was inclement, the gloom of the rain and clouds were dispelled by the cheerful atmosphere which pervaded within the home. Music, both vocal and instrumental, was furnished by Misses Wilma and Alta Crum, and greatly enjoyed by all.

At 12:30 all were invited to the dining room and a sumptuous repast of several courses was served by the hostess.

The culinary skill of Mrs. Crum is known by all and is unsurpassed and needless to say was thoroughly enjoyed by all present.

Among those present were M. M. Crum, wife and daughter, Anabel; Albert Crum and wife and Elizabeth Martin, J. A. Crum and Mr. and Mrs. H. C. Golden, Mr. James McDonald, wife and daughter, of Jacksonville; S. H. Crum and wife, N. H. Crum and family, Durrell Crum and wife, of Litchberry, Mr. Charles McDonald and family, northeast of the city. One brother, C. W. Crum, of Denver, Colo., was unable to be present.

A feature of the occasion was the presence of Mrs. Golden, who has resided in the West for several years but has returned to make her home with her father, Judge Crum, on North West street.

The time for leaving came all too soon, and all departed with kind thanks to the host and hostess and hoping that the family may be spared to enjoy many more such happy days.

J. T. Bland of Franklin was among the visitors in the city Monday.

## THE NEW MOTHER

Her Happiness is the Result of Preparation and Care

THE expectant mother who does not realize in its full meaning the great responsibility of bearing children properly is making a mistake which may easily lead to everlasting sorrow.

No expectant mother should ignore the better way of preparing for baby's coming. To neglect the approved method may easily destroy their baby's chance of happiness and success and impair their own health.

The expectant mother's need for an application that softens the muscles, relaxes nervous tension of the delicate organism involved in maternity, and prepares the way for an easier, quicker and practical delivery is found in Mother's Friend.

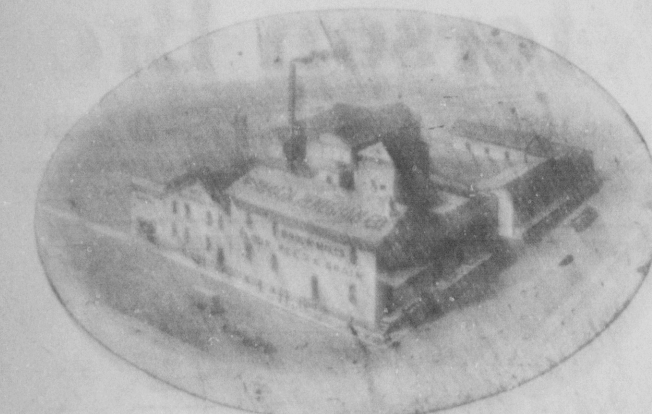

### USED BY THREE GENERATIONS

It is only natural for mothers who have enjoyed the benefits of Mother's Friend to write such a letter as Mrs. S. P. Conder of Denver, Colo., writes:

"I take pleasure in stating to you that I have used Mother's Friend with my last baby, which is now two weeks old, and brought her with only two pains. The mother of four has taken with instruments. The last was born without a doctor. I will recommend it to every mother and I feel sure it will be used."

## ROOSEVELT AND THE LEAGUE OF NATIONS

BY J. H. DANKIN.

On page 344 he says: "In the spring of 1910 at Christiania, before the Nobel prize committee, in acknowledging the receipt of the Nobel Peace prize, I outlined the plan for securing an international peace by means of an international league, pledged to put force back of it, the plan which I elaborated over a year ago in the volume called 'America and the World War'." This proves conclusively that the plan—as drastic as Article X of the League of Nations—was a fixed and settled conviction in the mind of that great American.

The writings of Roosevelt were without doubt familiar to the framers of the covenant of the League of Nations. For a further reading from Roosevelt's book discloses almost identical expressions and terminology. Here is an instance: "All the civilized powers which are able and willing to furnish and to use force, when force is required to back up righteousness, should join together to create an international tribunal and to provide rules in accordance with which that tribunal should act. These rules would have to accept the status quo at some given period, for to endeavor to redress all the historical wrongs would throw us back in chaos." (How apt a statement, in view of the ringing in of the wrongs of Ireland, Egypt, Shantung and Persia in the treaty discussion.)

Further quoting: "They would lay down the rule that the territorial integrity (a phrase literally embodied in Article X) of each nation was inviolate, that it was to be guaranteed absolutely (again like Article X). 'Its sovereign rights in matters affecting its honor and vital interest. All other matters that would arise between these nations should be settled by the international court.' (which is provided for by the League of Nations). 'Then, and most important, the nations should severally guarantee to use their entire military force, if necessary, against

any nation which defied the decrees of the tribunal."

Again quoting from the book: "In its essence this plan means that there shall be a great international treaty for the peace of righteousness, that this treaty shall explicitly secure to each nation, and except from the operations of any international tribunal, such matters as territorial integrity, honor and vital interest" (of course, including political independence) "and shall guarantee it in the possession of these rights." And on page 254: "The prime necessity is that all the great nations should agree in god faith to use their combined warlike strength to enforce the nation, whichever one it be, that declines to abide by the decision of some competent international tribunal."

Such a tribunal is now being set up under the terms of the League of Nations, and while the United States is not yet in the League, our most eminent lawyer and statesman, Honorable Elihu Root, has been invited to participate in forming this international court, and has accepted the task.

On page 124, Roosevelt says: "This would mean a great practical stride toward relief from the burden of excessive military preparation."

It would mean that a long step had been taken towards at least minimizing and restricting the area and extent of possible warfare" (yet we are told it would be a breeder of wars). "It would mean that all liberty loving and enlightened peoples, great and small, would be freed from the haunting nightmare of the terrors of war."

Did Roosevelt recant? Did he take back all of these deliberate statements before he died? It would do him an injustice to charge him with such vacillation.

Yet when these records from the pen of Roosevelt were read in the senate on the 17th of March, an attempt was made to refute them, or at least to break the force of them, by the unsupported testimony of one of the senators who claimed to have had a conversation with Roosevelt a few days before his death. An uncorroborated conversation to refute the carefully written and published statements of Roosevelt through a period of years can hardly be accepted by any lover of truth.

Furthermore, on Sept. 6, 1918, about four months before his death, Mr. Roosevelt made an address in the Alderman's Chambers of New York City, in commemoration of Lafayette day. He there said: Serbia and Roumania must have restored to them what Bulgaria has taken from them. The Austrian and Turkish Empires must be broken up, all the subject peoples liberated, and the Turk driven from Europe. Belgium must be restored and indemnified. Italian Austria must be restored to Italy, and Roumanian Hungary to Roumania. The heroic Czech-Slovaks must be made into an independent commonwealth, and the southern Slavs must be united into a great Jugo-Slav commonwealth. Poland, as a genuinely independent commonwealth, must receive back Austrian and Prussian Poland as well as Russian Poland, and have a coast line on the Baltic. Northern Schleswig should go back to the Danes. Britain and Japan should keep the colonies they have conquered. Armenia must be free. Palestine made a Jewish state and the Syrian Christians liberated.

Roosevelt had a program for a League of Nations and for an honorable share in the settlement of the war, which President Wilson seems to have followed.

Have those who oppose this program any alternative to offer? If not, let them retire and give way to the spirit of the Great American.

The writer of this is a Republican, but would despise himself if he allowed his political affiliations to interfere with the American principle of judging all foreign questions free from partisan politics.

Furthermore, those Republicans who fear that the Democratic party might get some advantage out of adoption of the League of Nations must remember that these sentiments outlining the settled convictions of Theodore Roosevelt upon the League of Nations will give Republicans undoubtedly as much if not more credit for the successful operation of such a League than the Democrats, for a careful reading of the foregoing principles set forth by Theodore Roosevelt for many years prior to his death will convince anyone that he stood for as strong and drastic League of Nations as the one presented by President Wilson. Where Roosevelt speaks of guaranteeing the territorial integrity and the honor and vital interests of the various nations composing the league, with all the military power of the constituent members of the League, he adopts in full vigor the principle set up in Article X. And, so far from resulting in a superstate or taking on unwelcome burdens or putting us in a position of greater liability to war, Mr. Roosevelt desires all of these prophecies of despair and forebodings of evil, and he declares that such a League would "greatly minimize and restrict the areas and extent of possible warfare," and that it would "relieve all liberty-loving peoples of the haunting nightmare of the horrors of war." Therefore, those who take counsel of their fears are unhoused completely by the vigorous American doctrine of him who has been called the "first citizen of the world" and "mountain peak that has no fellow for a companion." Those who take counsel of their fears must come under Mr. Roosevelt's

condemnation as standing for a policy "unworthy of a high-spirited and noble-souled nation." The Republican party as a party will reach up to the former high standard of thoroughgoing Americanism if it will fearlessly follow the policy of Roosevelt. If we fail to do this, however, then we can no longer claim to be followers of Roosevelt, for if we believe in him and have faith in him we ought courageously to follow the pathway which he has marked out.

# Daily Market Report

## LITTLE TRADING

**ON STOCK EXCHANGE**  
NEW YORK, May 17.—Conditions approaching a state of deadlock prevailed in the stock market today, neither the long nor the short interest showing an appreciable change at the dull and irregular close.

Local monetary conditions improved to the extent that call loans which were freely made 8 per cent during the morning, dropped to six per cent before the end of the session.

The industrial situation recorded no material change from recent tense conditions, western and southwestern manufacturers reporting further slowing down of activity, mainly in consequence of the railroad tieup.

Stocks made their extreme declines in the morning when rails, motors, steels, equipments and shippings reacted two to five points, standard rails losing 1 to 2.

Sales amounted to 535,000 shares. Liberty Bonds and victory notes were weak, mostly at new low records and the general domestic list was easier, foreign issues also tending downward. Total sales, par value, aggregated \$15,350,000.

LAST RITES SAID FOR H. E. MILLION

Services Held at Murrayville Largely Attended — Pastor Paid Beautiful Eulogy to Life of Deceased.

The funeral of the late Hugh E. Million was conducted at the M. E. church in Murrayville Sunday at 3 p. m. by the pastor, Rev. J. C. Bell. Despite the pouring rain the church was nearly filled with a sympathetic audience gathered to pay a last tribute of respect and esteem to one so universally beloved and respected.

Music was supplied by a ladies' quartet consisting of Mrs. Austin King, Mrs. C. R. Short, Miss Lucille Short and Miss Mildred Wright with Miss Clara Smith of this city accompanist. During the exercises the ladies sang with fine effect three selections, "I Will Sing You a Song of a Beautiful Land," "One Sweetly Solen Thought Comes to Me O'er and O'er" and "In That Far Away Sweet Forever, in the Land Beyond the River." The last was a solo by Mrs. King, the others joining in the chorus.

There was a vast array of flowers from a large circle of appreciative friends, while special designs were contributed, one each by the Murrayville bank, the Ladies' Aid society of the church, Sunday School class No. 12, official board of the church, church orchestra and the Sunday school as a whole. These were tenderly cared for by Miss Maude Spaenower, Miss Jane Wright, Mrs. Susan Carlson and Miss Mildred Wright.

After reading of scripture passages, music and prayer the pastor took as the text for his discourse, Rom. 7: "Blessed are they whose iniquities are forgiven, whose sins are covered." He read a brief biography of the deceased and then said in part: "We have here a description of the man who wins the approbation of his divine Master. He says their sins are covered by His cleansing blood and have been washed away. This is a glorious work. If could not be done by any other power. A soul has been transformed by Christ and eternal death cancelled. What would not some people give if they could recall all the undesirable acts of their past lives? If the deeds which they would they had not committed were cancelled. But this has been done by the blood of Christ and salvation has been placed on the foundation through His sacrifice."

Death has no power to change such a life as this. It may have power over some lives but not over those whose sins have been forgiven by the blood of Christ. How much it means to us in this world to have our sins forgiven. Death to the child of God is but the entrance into a glorious life where all is perfect bliss for evermore. By faith the Christian accepts the gracious invitation to have his sins covered and who is sure of one of the "many mansions" prepared in the Father's house for them that love Him. Our departed brother was a quiet, unassuming man and you always knew just where he stood. He was ready to let the whole world know his principles and devotion to the cause of Christ. He was faithful and regular in his attendance at church services; at the meetings of the board of which he was for a long time the acceptable secretary and treasurer. He recognized the ownership of Christ and played square with his fellowmen. While he gave freely of his substance to the good cause, in his life there were many things worthy of imitation and to the young I would hold him up as an example worthy to follow in many respects. Not long before the end he said he was ready to go if it was the will of God and some day we shall understand what seems so hard to comprehend now. As a citizen in the community, as a neighbor, kind and accommodating, as a generous friend in time of need; as a faithful and devoted husband, son and brother he may well be held up as an example to the rising generation.

He has left us and an aching void is in the hearts of his loved ones; a loss to the community but it is heaven's gain, and we can imagine the rejoicing on the other side in that upper and better land. When we come to the end may it be said of us that we too are prepared to meet our Maker and may the life he lived in our midst be an inspiration to us to do better. You who are so sorely bereft I commend to Him who alone can give you the aid and comfort you need. May His everlasting arms be about you and His love fill your hearts and be to you what you have lost that in the end there may be a glad reunion in the land where parting is unknown.

At the close of the services a long procession followed the remains to the cemetery. The bearers were Messrs J. L. Wyatt, O. Beadler, Clyde Fanning, J. N. Osborne, Harry Cade and Charles N. Wright.

Ask for Correa's reliable vegetable plants. For sale at all grocers or 340 Pine St. Our strains of tomatoes are only the best.

The Literberry M. E. society met on Wednesday afternoon at "The Old Rudisell Homestead," with Mrs. Clyde Rudisell hostess. Eighteen members were present. There were devotional exercises, business an dreading, making a very good program for the occasion. A good collection was taken, the benediction recited and the meeting closed.

Will They Pass Laws Compelling People to Use Pure Toilet Soap?

—or laws enforcing the manufacture of strictly pure Toilet Soap?

There are laws prohibiting use of public drinking cups, and of public towels. Because they have been found unsanitary.

Can dirty towels be any more dangerous than impure soap? Not a bit. Not as much. Impure soap does not stop on the surface of the skin. It goes right down into and clogs up the pores of the skin.

If it isn't washed out it either hampers the action of the pores or is finally absorbed by the skin. Either way is bad enough.

Everyone should be extremely careful in selection of a Toilet Soap. Can't be too discriminating.

Remmo Sterilized Toilet Soap is a safe choice, always. This soap is absolutely pure.

It is made of only of select materials of the highest quality. Then the combined ingredients are sterilized at 198 degrees Fahrenheit—just as a surgeon's instruments are sterilized to purify them.

There is a world of enjoyment in the use of Remmo Sterilized Toilet Soap—and there is the solid satisfaction in knowing that the soft, rich lather that feels so good is not only cleansing the skin but actually benefiting it—removing dust, dirt and grime—leaving no impurities of any kind impeding in the tiny pores.

If you prize cleanliness and appreciate its value to health and complexion beauty you certainly should demand and use Remmo Sterilized Toilet Soap.—Adv.

Delicious refreshments were served in great abundance.

BLACKSMITHING

IS IT A MISTAKE?

Miss Lena Stag calls attention to the fact that she fails to find the name of her father, J. F. Staggs, on the list on the monument. She found the name of J. F. Flagg and wondered if it had been intended for that of her father. If anyone can give any information on this point it will be a favor if reported to S. W. Nichols at the Journal office, or anyone in the office who will get him the word.

Otto Jaeger of Pekin enjoyed a visit with his brother, who is local manager of the Woolworth 5 and 10 cent store.

Sure Death to Corns

"Geta-It" Makes 'Em Lose Their Grip and Lift Off Painlessly.

The first thing "Geta-It" does when it lands on a corn or callus is to snuff out the pain. Then it shrivels the corn or callus and loosens it.

Soon, it is almost ready to fall off. You help it just a little by lifting it off 'twixt thumb and finger. You don't even feel it, because there is no hurt left in it. Millions have proved it the cleanest, surest, safest and most pleasant method.

"Geta-It," the never failing, guaranteed money-back corn remover costs but a trifle at any drug store. Sold by E. Lawrence & Co., Chicago. Sold in Jacksonville and Recommended as the World's Best Corn Remedy by Armstrong's Drug Store.

Hundreds More in Jacksonville in the Same Plight

Tired all the time; Weary and worn out night and day;

Back aches; Head aches. Your kidneys are probably weakened.

Let one who knows tell you how.

Amos May, prop. barber shop, N. Main St., Jacksonville says: "I suffered a lot with kidney trouble and at times my back pained terribly. It was all I could do to get through shaving my customers. The trouble seemed to affect my heart and caused shortness of breath. I felt tired out and some one suggested Doan's Kidney Pills. They weren't long in bringing relief and after I had taken three boxes, I was feeling well and I haven't been troubled since."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. May had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arcline into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcline in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.
